### The Power of Collaborative Teacher Learning

Teacher Collaboration: How to Approach It In 2020. Teacher collaboration occurs when members of a learning community work together to increase student learning and achievement. If our ultimate destination as educators is student achievement, think of teacher collaboration as the journey. Collaboration is not a task to complete then move on, it's an ever-changing, ongoing process that is only enhanced by social networks and access to new technology.

### Teacher Collaboration: How to Approach It In 2020 | Schoology

Peer learning, or peer instruction, is a type of collaborative learning that involves students working in pairs or small groups to discuss concepts or find solutions to problems. Similar to the idea that two or three heads are better than one, educational researchers have found that through peer instruction, students teach each other by addressing misunderstandings and clarifying misconceptions.

### Collaborative Learning | Center for Teaching Innovation
