though I don't think it's quite as good as the original. This is because some of the subplots don't work quite as well, because the introduction of a real person like Gaiman feels wrong, and because the police inspector's experience in the second half sits uncomfortably with the style of the rest, shocking though it is.

I found "The Severed Streets" to be a deeply depressing book, soaked in sadness. The Shadow Police themselves are a major source of grief and depression. They deceive each other, distrust each other, despise themselves for the deceit and bemoan the distrust. They are reckless and desperate and well out of their depth.
